Introduction

This booklet is your Summary Plan Description (SPD) and describes the provisions of your Open Access Plus (HDHP) Medical Benefits under the State Health Benefit Plan (SHBP), which is also referred to in this booklet as the "Plan." Use this SPD as a reference tool to help you understand the Plan and maximize your coverage.

The SHBP is a self-insured Plan, which is governed by the regulations of the Department of Community Health (DCH) Board, Chapter 111-4-1 Health Benefit Plan. If there are discrepancies between the information in this SPD and DCH Board regulations or the laws of the state of Georgia, those regulations and laws will govern at all times.

This booklet is notice to all Members of the SHBP's eligibility requirements and benefits payable for services provided on or after January 1, 2010, unless otherwise noted. Any and all statements to Members or to Providers about eligibility, payment or levels of payment that were made before January 1, 2010 are canceled if they conflict in any way with the provisions described in this booklet.

The SHBP reserves the right to act as sole interpreter of all the terms and conditions of the Plan, including this booklet and the separate medical policy guidelines that serve as supplement to this booklet to more fully define eligible charges.

The SHBP also reserves the right to modify its benefits, level of benefit coverage and eligibility/participation requirements at any time, subject only to reasonable notification to Members. When such a change is made, it will apply as of the modification's effective date to any and all charges incurred by Members on that day and after, unless otherwise specified by the DCH.

The Summary Plan Description published by CIGNA Healthcare for Members enrolled in the SHBP does not constitute a contract. The provisions of the program are subject to annual review and modification. Costs may vary each year.

How to Use this Document

We encourage you to read your SPD.

We especially encourage you to review the benefit limitations of this SPD by reading **The Schedule** and **Exclusions**. You should also carefully read the section titled **Legal Notices – Department of Community Health** and **CIGNA HealthCare Federal Other General Legal Requirements** to better understand how this SPD and your benefits work. You should call CIGNA Healthcare if you have questions about the limits of the coverage available to you.

Many of the sections of the SPD are related to other sections of the document. You may not have all of the information you need by reading just one section. We also encourage you to keep your SPD and any attachments in a safe place for your future reference.

Please be aware that your Physician does not have a copy of your SPD and is not responsible for knowing or communicating your benefits.

Information about Defined Terms

Because this SPD is a legal document, we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in the section titled **Definitions**. You can refer to the **Definitions** section as you read this document to have a clearer understanding of your SPD.

When we use the words "we", "us", and "our" in this document, we are referring to SHBP. When we use the words "you" and "your" we are referring to people who are Covered Persons.

Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your Dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

1. You, your dependent or an attending Physician can request Case Management services by calling the toll-free number shown on your ID card during normal business hours, Monday through Friday (Eastern Time Zone). In addition, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.
2. The Review Organization assesses each case to determine whether Case Management is appropriate.
3. You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.

FPCM6

4. Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.
5. The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).
6. The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).
7. Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

Who's Not Eligible for Dependent Coverage

The most common examples of persons not eligible for SHBP dependent coverage include:

- Your former spouse.
- Your fiancé.
- Your parents.
- Married or formerly married children.
- Children age 19 or older who do not qualify as Full-time Students or disabled dependents.
- Children in military service.
- Grandchildren who cannot be considered eligible dependents.
- Stepchildren who do not live in your home at least 180 days per year.
- Anyone living in your home that is not related by marriage or birth, unless otherwise noted.

When to Enroll and When Coverage Begins

You *must* enroll to have SHBP coverage. To enroll, go to your personnel/payroll office for instructions. You will be asked to:

- Choose a coverage option;
- Choose a coverage tier; and
- Provide the name(s) of eligible dependents you want to enroll and cover.

Enrollment authorizes periodic payroll deductions for premiums. If you list dependent(s) you must elect a coverage tier that covers the dependent relationship to you. If you cover dependents and do not provide documentation to verify eligibility, you will be charged the tier you elected. Once dependents are verified the coverage will be effective from the date of the qualifying event or the 1st day of the current plan year, whichever is later. Please refer to "Who is eligible for coverage" for more information. Once you make your coverage election, changes are not allowed outside the Open Enrollment period, unless you have a qualified change in status under Section 125 of the Internal Revenue Code, which restricts mid-year changes to coverage in the SHBP. **Special Note: If you terminate employment and are re-hired by any employer eligible for the SHBP during the same Plan year, you must enroll in the same Plan option and tier, provided you are eligible for that option and have not had a qualifying event since coverage ended.**

If You Are Hospitalized When Your Coverage Begins

If you are inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, SHBP will pay benefits for Covered Health Services related to that Inpatient Stay from the effective date of coverage as long as you receive Covered Health Services in accordance with the terms of the Plan. You should notify CIGNA Healthcare within 48 hours of the day your coverage begins, or as soon as reasonably possible. In-Network benefits are available only if you receive Covered Health Services from Contracted providers.

Important Plan Membership Terms

The Plan uses these terms to describe Plan Membership:

- Dependent – your eligible dependents that you choose to enroll.
Where appropriate, this SPD relies on these terms throughout the document:

- Dependent(s)... to refer to Dependents.

Identification Cards

After you enroll, you will receive a separate identification (ID) card for yourself and each covered dependent. The ID card must be presented when care is received.

If you do not receive your ID card within two weeks of enrollment, please contact CIGNA Healthcare Insurance Company Customer Service at 800-633-8519 (Active) or 800-942-6724 (Retiree).

When Coverage Begins For You

When your coverage starts depends on when you enroll and when you make requests that affect your coverage.

If you enroll:	Your coverage begins:
During an Open Enrollment period	On January 1 st of the new Plan year.
As a new employee	On the first day of the month following one full calendar month of employment.
When you are reinstated or return to work from an unpaid leave of absence that occurred during the Open Enrollment period	On the first day of the month following the return or, if a judicial reinstatement, on the day specified in the settlement agreement.
When you have a qualifying event	On the first day of the month following the request.

Transferring Employees

If you are transferring between participating employers:

- Contact your new employer to coordinate continuous coverage.
- You must continue the same coverage, unless you have a qualifying event that allows a change in coverage.

There is no coverage lapse when your employment break is less than one calendar month and your new employer deducts the premium from your first paycheck.

When Coverage Begins For Your Dependents when you experience a Qualifying Event

As a new employee, dependent coverage begins when your coverage begins. You may pick up coverage or add dependents if you experience a qualifying event and make the request within 31 days of a qualifying event. Coverage takes effect as described in the chart below. The Centers for Medicare & Medicaid Services (CMS) regulations now require the SHBP to collect the Social Security Number (SSN) for each covered dependent. The SHBP will not require the SSN until age two. *Note: When you add a dependent, the Plan will request dependent verification documentation. You must submit the documentation requested by the Plan before coverage will be granted and claims paid. Send documentation to SHBP, P.O. Box 1990, Atlanta, GA 20201-1990. Do not hold request waiting for documentation. If documentation is received after 31 days, the plan will cover the dependent retroactively back to the beginning of the current plan year or date of qualifying event, whichever is later, as long as premiums are paid.

	If you add this dependent...	Coverage takes effect:
* Within 31 days prior to or after the Qualifying event	<p>A baby Copy of certified birth certificate or a certification letter of birth required and Social Security Number.</p> <p>Note: a confirmation of birth document that does not include the parents' names is not acceptable.</p>	<p>On the first day of the month following the request; or On the day your child was born, if the proper premium is paid for the birth month.</p>
* Within 31 days prior to or after the Qualifying event	<p>An adopted child Copy of certified adoption certificate required and Social Security Number.</p>	<p><i>When you already have coverage that includes children:</i> On the date of legal placement and physical custody. <i>When you do not have a tier that covers dependent children</i> On the date of legal placement and physical custody, if the correct tier premium is paid for the date of placement and custody.</p>
* Within 31 days prior to or after the Qualifying event	<p>A new spouse Copy of certified marriage certificate required and Social Security Number.</p>	<p>When coverage begins: On the first day of the month following the request.</p>
* Within 31 days prior to or after the Qualifying event	<p>Stepchild(ren) Copy of certified birth certificate showing your spouse is the natural parent; copy of certified marriage license showing the natural parent is your spouse; notarized statement that dependent lives in your home at least 180 days per year and Social Security Number.</p>	<p>On the first day of the month following your change to the appropriate coverage tier.</p>

Qualifying Events that Allow Coverage Changes for Active Members

If you are an actively employed Member and have one of the following qualifying events during the year, you may be able to make a coverage change that is consistent with the qualifying event. If you are a retiree, refer to the retiree section for permitted coverage changes. The following chart shows qualifying events and the corresponding changes that active Members can make. Please contact your personnel/payroll office for instructions. Changes must be reported within 31 days of the event to your personnel/payroll office or to the SHBP by calling 1-800-610-1863. SHBP is now required to capture the Social Security Number (SSN) for each covered dependent. SHBP will provide coverage for new dependents until age two without the Social Security Number. **SHBP modified member rights to change options effective January 1, 2010. In summary, these changes allow a SHBP member to change coverage option in certain circumstances and when adding or removing coverage for a spouse or dependents, the member may also change coverage options. Inpatient Certification Requirements - Out-of-Network

For You and Your Dependents

Pre-Admission Certification/Continued Stay Review for Hospital Confinement

Pre-Admission Certification (PAC) and Continued Stay Review (CSR) refer to the process used to certify the Medical Necessity and length of a Hospital Confinement when you or your Dependent require treatment in a Hospital:

- as a registered bed patient;
- for a Partial Hospitalization for the treatment of Mental Health or Substance Abuse.

You or your Dependent should request PAC prior to any non-emergency treatment in a Hospital described above. In the case of an emergency admission, you should contact the Review Organization within 24 hours after the admission. For an admission due to pregnancy, you should call the Review Organization by the end of the third month of pregnancy. CSR should be requested, prior to the end of the certified length of stay, for continued Hospital Confinement.

Covered Expenses incurred will be reduced by 50% for Hospital charges made for each separate admission to the Hospital:

- unless PAC is received: (a) prior to the date of admission; or (b) in the case of an emergency admission, within 24 hours after the date of admission.

Covered Expenses incurred for which benefits would otherwise be payable under this plan for the charges listed below will not include:

- Hospital charges for Bed and Board, for treatment listed above for which PAC was performed, which are made for any day in excess of the number of days certified through PAC or CSR; and
- any Hospital charges for treatment listed above for which PAC was requested, but which was not certified as Medically Necessary.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the "Coordination of Benefits" section.

Note: Obtaining pre-certification for an inpatient admission does not guarantee coverage. Be sure to review your plan guidelines carefully.

The Basics

How does it work?

The Health Reimbursement Arrangement combines traditional medical coverage with a fund that includes contributions only from your employer.

1. **SHBP contribution** — SHBP establishes a health fund that can be used to pay for qualified health care expenses during that year. The services you receive and where you get them are up to you. Amounts paid by the fund for covered services count toward the annual deductible. For a list of qualified expenses, please visit CIGNA.com, subject to limits set by your employer.
2. **Your contribution** — Once you've used the dollars in your health fund, you pay your expenses up to the deductible.
3. **SHBP and you** — After your deductible is met, you use a traditional medical plan for covered services. Depending on your plan, you pay pre-determined coinsurance for certain services.

Which services are covered by my medical plan, and which will I have to pay out of my own pocket?

Covered services vary depending on your plan, so visit myCIGNA.com or check your plan materials in this booklet for specific information. In addition to your premiums deducted from your paycheck, you'll be responsible for paying:

- Costs for any services needed after you've spent your health fund, if you haven't met your deductible.
- Your coinsurance after you meet the deductible and your medical plan coverage begins up to the plan's out-of-pocket maximum.

If all of your medical expenses are covered services and the total cost doesn't exceed the amount in your health fund, you may not have additional out-of-pocket costs.

Are services covered if I use out-of-network doctors?

You can use the dollars in your HRA to visit any licensed doctor or facility for all services covered by the State Health Benefit Plan. However, if you choose a provider who participates with CIGNA HealthCare, your costs will be lower.

- Visit our provider directory for CIGNA "Centers of Excellence," providing hospital scores for specific procedures/conditions, such as cardiac care, hip and knee replacement, and bariatric surgery. Scores are based on cost and effectiveness in treating the procedure/condition, based on publicly available data.

A little knowledge goes a long way.

Getting the facts about your care, such as treatment options and health risks is important to your health and well-being — and your pocketbook. For instance:

- Getting appropriate preventive care is key to staying healthy. Your CIGNA HealthCare participating doctor can provide a wide variety of tests and exams that are covered by your CIGNA HealthCare plan. Visit myCIGNA.com to learn more about proper preventive care and what's covered under your plan. You can also find ways to stay healthy by calling the CIGNA HealthCare 24-Hour Health Information Line, which includes audio tapes on preventive health, exercise and fitness, nutrition and weight control, and more.
- When it comes to medications, talk to your doctor about whether generic drugs are right for you. The brand name drugs you are prescribed may have generic alternatives that could lower your costs. If a generic version of your brand name drug is not available, other generic drugs with the same treatment effect may meet your needs.
- The health care cost estimator tool on myCIGNA.com can help you use the plan effectively. When planning and budgeting, consider:
 - Your medical and prescription drug expenses from last year.
 - Any expected changes in your medical spending in the coming year.
 - Your anticipated benefit expenses and out-of-pocket costs for the coming year.
 - The amount in your CIGNA Choice Fund compared with your expected out-of-pocket costs. Keep in mind the coinsurance you will pay once the fund is spent.
- Additional tools on myCIGNA.com can help you take control of your health, learn more about medical topics and wellness, and keep track of your personal health information. You can print personalized reports to discuss with your doctor.

Life Status Change

Decrease in Coverage Tier

When **decreasing your Coverage Tier** during the plan year, the HRA Fund is adjusted to the new, lower HRA Fund amount for the coverage tier, minus any amounts that have already been used. The previous HRA Fund amount will remain available to pay for claims incurred PRIOR to the effective date of the new coverage tier. The deductible and out-of-pocket maximums are also reduced to the new, lower coverage tier. Any deductible/coinsurance out-of-pocket amounts met at the higher coverage tier will move with the member to the new, lower coverage tier.

Increase in Coverage Tier

When **increasing your Coverage Tier** during the plan year, additional funds are added to your HRA Fund. The amount of additional funds is prorated monthly based upon the effective date of the change. The additional funds are available to pay for claims incurred AFTER the effective date of the new coverage tier.

The deductible and out-of-pocket maximums are also increased to the new, higher coverage tier. The new deductible for the higher coverage tier is NOT prorated. It is the full plan year deductible for that coverage tier. Any deductible/coinsurance out-of-pocket amounts met at the lower coverage tier will move with the member to the higher coverage tier.

The Schedule

For You and Your Dependents

Open Access Plus Medical Benefits provide coverage for care In-Network and Out-of-Network. To receive Open Access Plus Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Deductible or Coinsurance.

Coinsurance

The term Coinsurance means the percentage of charges for Covered Expenses that an insured person is required to pay under the plan.

Deductibles

Deductibles are also expenses to be paid by you or your Dependent. Deductibles are in addition to any Coinsurance. Once the Deductible maximum in The Schedule has been reached during the calendar year, you and your family need not satisfy any further medical deductible for the remainder of that calendar year.

Out-of-Pocket Expenses

Out-of-Pocket Expenses are Covered Expenses incurred for In-Network and Out-of-Network charges that are not paid by the benefit plan because of any:

- Plan Deductibles.
- Coinsurance.

Charges will not accumulate toward the Out-of-Pocket Maximum for Covered Expenses incurred for:

- non-compliance penalties.
- provider charges in excess of the Maximum Reimbursable Charge.

When the Out-of-Pocket Maximum shown in The Schedule is reached, Injury and Sickness benefits are payable at 100% except for:

- non-compliance penalties.
- provider charges in excess of the Maximum Reimbursable Charge.

Accumulation of Plan Deductibles and Out-of-Pocket Maximums

Deductibles and Out-of-Pocket Maximums will cross accumulate between In- and Out-of-Network. All other plan maximums and service-specific maximums (dollar and occurrence) cross-accumulate between In- and Out-of-Network unless otherwise noted.

Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

OPEN ACCESS PLUS MEDICAL BENEFITS

The Schedule

Assistant Surgeon and Co-Surgeon Charges

Assistant Surgeon

The maximum amount payable will be limited to charges made by an assistant surgeon that do not exceed 20 percent of the surgeon's allowable charge. (For purposes of this limitation, allowable charge means the amount payable to the surgeon prior to any reductions due to coinsurance or deductible amounts.)

Co-Surgeon

The maximum amount payable will be limited to charges made by co-surgeons that do not exceed 20 percent of the surgeon's allowable charge plus 20 percent. (For purposes of this limitation, allowable charge means the amount payable to the surgeons prior to any reductions due to coinsurance or deductible amounts.)

Reimbursement/Filing a Claim

When you or your Dependents purchase your Prescription Drugs or Related Supplies through a retail Participating Pharmacy, you pay any applicable Coinsurance shown in the Schedule at the time of purchase. You do not need to file a claim form for Participating Retail Pharmacies.

Reimbursement for Non-Participating Pharmacies will be limited to the Participating Pharmacy contracted rate.

If you or your Dependents purchase your Prescription Drugs or Related Supplies through a non-Participating Pharmacy, you pay the full cost at the time of purchase. You must submit a claim form to be reimbursed.

See your Employer's Benefit Plan Administrator or visit myCIGNA.com to obtain the appropriate claim form.

Coordination of Benefits With Prescription Drugs

If your spouse or a dependent has primary coverage from another health plan, prescription drug benefits provided by the State Health Benefit Plan (SHBP) will be coordinated with the other insurance carrier(s). This means you must first use your primary insurance plan when you pay for your prescription(s). To request a secondary payment from CIGNA at the time of purchase you can request the Pharmacist to electronically file SHBP secondary. By mail you can send a claim form and attach a copy of the Explanation of Benefits (EOB) form from the primary plan and the pharmacy receipt. You can obtain a claim form at myCIGNA.com or www.dch.georgia.gov/shbp.

Secondary payments are subject to network allowed amounts for covered drugs. Under the SHBP plan, you will be responsible for the appropriate coinsurance amounts reflected in the Prescription Drug Benefits Schedule. In the event that your primary plan coinsurance amounts/copays are less than the coinsurance amounts under the SHBP plan, no secondary payment will be allowed. Please contact CIGNA at the Customer Care number on your State Health Benefit Plan ID card for more details.

If you have coverage under two State Health Benefit Plan contracts (cross-coverage) prescription drug benefits provided by the State Health Benefit Plan will not be coordinated.

What should I do if I use a self-administered injectable medication?

You may have coverage for self-administered injectable medications through your pharmacy benefit plan or under your medical benefits.

Please call our Customer Care number on your ID card to determine whether or not a medication is covered as a self-administered injectable under your pharmacy or medical benefits.

How do I obtain a supply of my medications before I go on vacation?

Vacation overrides are allowed for members to have up to a 3 month supply of medication in their possession. If someone is leaving the country for an extended period of time for work or a student studying abroad, we will allow multiple months to process up to one year. This does not apply to extended vacations. If the member's eligibility status will change as a result of working or studying abroad the member is not eligible for an extended override.

You may also locate a network pharmacy at your vacation destination through the Internet at myCIGNA.com or by calling the Customer Care number on your ID card.

How do I access updated information about my pharmacy benefit?

Coordination of Benefits

This section applies if you or any one of your Dependents is covered under more than one Plan and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.

Definitions

For the purposes of this section, the following terms have the meanings set forth below:

Plan

Any of the following that provides benefits or services for medical care or treatment:

- (1) Group insurance and/or group-type coverage, whether insured or self-insured which neither can be purchased by the general public, nor is individually underwritten, including closed panel coverage.
- (2) Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies; or Workers' Compensation policies.
- (3) Medical benefits coverage of group, group-type, and individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

Closed Panel Plan

A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

Primary Plan

The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan.

Secondary Plan

A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to you.

GM6000 COB11

Allowable Expense

A necessary, reasonable and customary service or expense, including deductibles, coinsurance, that is covered in full or in part by any Plan covering you. When a Plan provides benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit.

Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

- (1) An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.
- (2) If you are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.
- (3) If you are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.
- (4) If you are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.
- (5) If your benefits are reduced under the Primary Plan (through the imposition of a higher coinsurance percentage, a deductible and/or a penalty) because you did not comply with Plan provisions or because you did not use a preferred

provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

Claim Determination Period

A calendar year, but does not include any part of a year during which you are not covered under this policy or any date before this section or any similar provision takes effect.

GM6000 COB12

Reasonable Cash Value

An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service by other health care providers located within the immediate geographic area where the health care service is rendered under similar or comparable circumstances.

Order of Benefit Determination Rules

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

- (1) The Plan that covers you as an enrollee or an employee shall be the Primary Plan and the Plan that covers you as a Dependent shall be the Secondary Plan;
- (2) If you are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or employee;
- (3) If you are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
 - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
 - then, the Plan of the parent with custody of the child;
 - then, the Plan of the spouse of the parent with custody of the child;
 - then, the Plan of the parent not having custody of the child, and
 - finally, the Plan of the spouse of the parent not having custody of the child.

GM6000 COB13

- (4) The Plan that covers you as an active employee (or as that employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired employee (or as that employee's Dependent) shall be the secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- (5) The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active employee or retiree (or as that employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- (6) If one of the Plans that covers you is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered you for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Plan will be the Secondary Plan and determine benefits after Medicare, where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated. This plan does not COB with the Medicare Advantage Option.

Effect on the Benefits of This Plan

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans during a Claim Determination Period are not more than 100% of the total of all Allowable Expenses.

GM6000 COB14M

Recovery of Excess Benefits

If CG pays charges for benefits that should have been paid by the Primary Plan, or if CG pays charges in excess of those for which we are obligated to provide under the Policy, CG will have the right to recover the actual payment made or the Reasonable Cash Value of any services.

CG will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare plan or other organization. If we request, you must execute and deliver to us such instruments and documents as we determine are necessary to secure the right of recovery.

Right to Receive and Release Information

CG, without consent or notice to you, may obtain information from and release information to any other Plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information we request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 90 days of the request, the claim will be denied. If the requested information is subsequently received, the claim will be processed.

GM6000 COB15

Subrogation and Reimbursement

Subrogation is the substitution of one person or entity in the place of another with reference to a lawful claim, demand or right. If you receive a benefit payment from the Plan for an Injury caused by a third party, and you later receive any payment for that same condition or Injury from another person, organization or insurance company, we have the right to recover any payments made by the Plan to you. This process of recovering earlier payments is called subrogation. In case of subrogation, you may be asked to sign and deliver information or documents necessary for us to protect our right to recover benefit payments made. You agree to provide us all assistance necessary as a condition of participation in the Plan, including cooperation and information submitted to as supplied by a workers' compensation, liability insurance carrier, and any medical benefits, no-fault insurance, or school insurance coverage that are paid or payable.

We shall be subrogated to and shall succeed to all rights of recovery, under any legal theory of any type, for the reasonable value of services and benefits we provided to you from any or all of the following:

Third parties, including any person alleged to have caused you to suffer injuries or damages.

- Your employer.
- Any person or entity obligated to provide benefits or payments to you.

You agree as follows:

- To cooperate with us in protecting our legal rights to subrogation and reimbursement.
- That our rights will be considered as the first priority claim against Third Parties, to be paid before any other of your claims are paid.
- That we may, at our option, take necessary and appropriate action to preserve our rights under these subrogation provisions.
- To execute and deliver such documents including consent to release medical records, and provide such help (including responding to requests for information about any accident or injuries and making court appearances) as we may reasonably request from you.
- You will do nothing to prejudice our rights under this provision, either before or after the need for services or benefits under the Plan.

Refund of Overpayments

If we pay benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to us if either of the following apply:

- All or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person.
- All or some of the payment we made exceeded the benefits under the Plan.

The refund equals the amount we paid in excess of the amount we should have paid under the Plan. If the refund is due from another person or organization, the Covered Person agrees to help us get the refund when requested.

If the Covered Person, or any other person or organization that was paid, does not promptly refund the full amount, we may reduce the amount of any future benefits that are payable under the Plan. The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

Payment of Benefits

To Whom Payable

All Medical benefits are payable to you. However, at the option of CG, all or any part of them may be paid directly to the person or institution on whose charge claim is based.

Medical benefits are not assignable unless agreed to by CG. CG may, at its option, make payment to you for the cost of any Covered Expenses received by you or your Dependent from a Non-Participating Provider even if benefits have been assigned. When benefits are paid to you or your Dependent, you or your Dependent is responsible for reimbursing the Provider. If any person to whom benefits are payable is a minor or, in the opinion of CG, is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, CG may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

If you die while any of these benefits remain unpaid, CG may choose to make direct payment to any of your following living relatives: spouse, mother, father, child or children, brothers or sisters; or to the executors or administrators of your estate.

Payment as described above will release CG from all liability to the extent of any payment made.

Time of Payment

Benefits will be paid by CG when it receives due proof of loss. All claims must be filed within twenty-four (24) months of the date of service.

Recovery of Overpayment

When an overpayment has been made by CG, CG will have the right at any time to: (a) recover that overpayment from the person to whom or on whose behalf it was made; or (b) offset the amount of that overpayment from a future claim payment.

Calculation of Covered Expenses

CG, in its discretion, will calculate Covered Expenses following evaluation and validation of all provider billings in accordance with:

- the methodologies in the most recent edition of the Current Procedural terminology.
- the methodologies as reported by generally recognized professionals or publications.

GM6000 TRM366

Termination of Insurance

General Information about When Coverage Ends

We may discontinue this benefit Plan and/or all similar benefit plans at any time.

Your entitlement to benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, we will still pay claims for Covered Health Services that you received before your coverage ended. However, once your coverage ends, we do not provide benefits for health services that you receive for medical conditions that occurred after your coverage ended, even if the underlying medical condition occurred before your coverage ended.

An Enrolled Dependent's coverage ends on the date the Member's coverage ends.

When Coverage Ends For You

Your coverage generally will end if:

- you no longer qualify under any category listed under the eligibility rules and your payroll deductions for coverage have ceased;
- you do not make direct-pay premium payments on time;
- you resign or otherwise end your employment;
- you are laid off because of a formal plan to reduce staff;
- your hours are reduced so that you are no longer benefits eligible;
- you do not return to active work after an approved unpaid leave of absence;
- you are terminated by your employer; or
- Member contributions not remitted to the Plan by the due date may result in suspension/and or termination of coverage.

Coverage for Member ends at the end of the month following the month in which the last premium is deducted from your earned paycheck or at the end of paid coverage. Premiums will not be deducted from final leave pay.

Note: If an Employing Entity fails to remit Premiums or documentation or fails to reconcile bills in the manner required by the Plan, the Plan may suspend benefit payments for Enrolled Members of the Employing Entity. Suspended coverage is not a COBRA event; however, the Member may continue coverage if the Member is eligible for continuation of coverage rights as defined in COBRA Continuation Rights Under Federal Law and pays both the employer and employee share of the cost.

When Coverage May Be Continued For You

SHBP allows individuals to continue their SHBP coverage in certain situations when it would have otherwise ended.

If you have this situation...	You will be affected in this way:
Leave your job: Have at less than eight years of service	You may continue coverage for up to 18 months under COBRA provisions.
Leave your job and: <ul style="list-style-type: none"> • Have at least eight years of service but less than 10... 	You may continue coverage by: <ul style="list-style-type: none"> • Submitting appropriate form(s) within 60 days of when coverage would end; • Pay the full cost of coverage unless you are a subscriber under the Legislative Retirement System; and • Provide a statement from your employer verifying your service.
Leave your job and: <ul style="list-style-type: none"> • Have at least 10 years of service but before minimum age to qualify for an immediate retirement annuity; and • You leave money in the retirement system. 	You may continue coverage by: <ul style="list-style-type: none"> • Submitting appropriate form(s) within 60 days of when coverage would end; • Pay the full cost of coverage until your retirement check begins; • Pay lower member premiums once the retirement check begins.
The chart above applies for most SHBP Members; certain parts of the Georgia code may stipulate other conditions for SHBP continuation.	

Member contributions not remitted to the Plan by the due date may result in suspension/and or termination of coverage.

When Coverage May Be Continued For Your Dependents

Coverage for your dependents will end at the same time you lose coverage because you are no longer eligible. Here are other situations that can affect coverage for you and your dependents.

For Your Dependents	Effect on coverage
If enrolled dependent is a stepchild under age 19 and does not meet the 180-day residency requirement.	Coverage ends at the end of the month in which dependent no longer meets the 180 day residency requirement.
<p>If enrolled dependent is a full-time Student at an accredited college, university or other institution.</p> <p>NOTE:</p> <p>For Retired Members: Failure to submit full-time student verification before coverage ends at age 19 and each subsequent year will result in loss of eligibility for dependent, unless they re-enroll within 31 days of a qualifying event.</p> <p>For Active Members: Verification documentation must be submitted timely for a student to be covered under the Plan. Once verification documentation is received, coverage will be verified to the qualifying event date or 1st day of the coverage plan year, whichever is later.</p>	<p>Coverage ends on the last day of the month in which the earliest of these qualifying events occurs:</p> <ul style="list-style-type: none"> • Graduation or completion of requirements if graduation is delayed. • Full-time attendance ends – unless child has attended previous two consecutive semesters and plans to return after a one semester break. • Dependent reaches age 26. • Dependent marries. • Dependent becomes employed in a benefits-eligible position.
If you divorce, your spouse loses coverage as your dependent*	Coverage ends at the end of the month in which the divorce becomes final.**
If you or your spouse or eligible dependent(s) lose(s) other group health insurance coverage because of change in employment	Before you lose coverage or within 31 days after losing coverage, file request for SHBP coverage, which will start on the first day of the month following the request.
If you declined coverage for yourself or your dependents because of other group health insurance coverage, and you later lose that coverage	You may enroll yourself and dependents if you request this coverage within 31 days of the qualifying event. Coverage will be effective on the first day of the month following the request.

*A divorced spouse may continue Plan coverage by electing COBRA continuation coverage, which is limited to 36 months of coverage. The spouse must request a COBRA information packet from the SHBP within 60 days of the qualifying event.

** The Plan must be notified at the time the divorce is final and not as a discontinuation of coverage for the spouse or other dependent during Open Enrollment.

****Discontinuation of coverage for a spouse or other covered dependent(s) during Open Enrollment does not qualify as a COBRA event. In order for a spouse or other dependent(s) to be eligible for continuation of coverage under COBRA, the SHBP must be notified at the time the divorce is final.**

A general note regarding documentation sent to the Plan: SHBP requires that coverage requests are made within a specific time period and requires documentation to support the request. When SHBP requests documentation, if the documentation is not received within 31 days of the SHBP request, the effective date of the coverage change will be the later of the qualifying event date or first day of the plan year.

How to Request a Change

During Open Enrollment and the Retiree Option Change Period, Members can go online to make coverage changes for the upcoming Plan year. See the current *Health Plan Decision Guides* for Web addresses and instructions. If you do not have Internet access or if your request is in the middle of a Plan year, then:

- **An active Employee should notify his/her personnel/payroll office to obtain the appropriate form. If you miss the deadline, you won't be able to make your change until the next Open Enrollment unless a qualifying event occurs.**
- **A retired Member should contact the SHBP eligibility unit directly. You must complete and return the form by the appropriate deadline. If you miss the deadline, changes will not be permitted.**

Provisions for Eligible Retirees & Considerations for Members Near Retirement

Plan Membership

This section includes Plan Membership and coordination of benefits information for eligible retirees as well as important points to consider if you are near retirement.

Retirees who are eligible for Medicare because of disability or age 65 or older who are not enrolled in Medicare Part B will pay a higher premium for coverage as SHBP will pay primary benefits. NOTE: Individuals who have lived at least 5 years in the United States may purchase Medicare Part B coverage, even if they did not contribute to Social Security or work the number of required quarters.

SHBP will pay primary benefits for Medicare non-enrolled eligible retirees but the premiums will be much higher. See the Medicare COB section as there is important information you need to know.

Near Retirement

SHBP regulations allow a retiree to take into retirement the coverage that was in effect at the time of retirement. An active employee can pick up SHBP coverage and add dependents to the coverage during the Open Enrollment Period prior to retirement. The coverage will go into effect on January 1 of the following year and retirement will have to occur after January 1 for the election made during Open Enrollment to take effect.

Eligibility

You may be able to continue Plan coverage if you are enrolled in the Plan when you retire and are immediately eligible to draw a retirement annuity from any of these systems:

- Employees' Retirement System (ERS).
- Teachers Retirement System (TRS).
- Public School Employees Retirement System (PSERS).
- Local School System Teachers Retirement Systems.
- Fulton County Retirement System (eligible Members).
- Legislative Retirement System.
- Superior Court Judges or District Attorney's Retirement System.

Important Note: Individuals who have withdrawn money from their respective retirement system will not be able to continue health coverage as a retiree. Eligibility for temporary extended coverage under COBRA provisions would apply.

Applying for Coverage Continuation

If you are an eligible retiree, you must apply for continued coverage for yourself and Covered Dependents within 60 days of the date your active coverage ends. Application can be made on a *Retirement /Surviving Spouse Form*, available through your personnel/payroll office or by contacting the Plan's Eligibility Section. Failure to apply timely or make the appropriate premium payments terminates your eligibility for retiree coverage. Members of ERS, TRS, and PSERS will be automatically enrolled in the same option they had as an active employee, unless covered by Medicare. Retirees with Medicare coverage will automatically be enrolled in the Medicare Advantage Standard Option under the healthcare vendor they have. SHBP contributes to the cost of healthcare premiums for retirees who enroll in one of the Medicare Advantage options only.

Retirees may request to change options if the request is made within 31 days of retirement. You may request the change by downloading, printing and completing the Retiree/Surviving Spouse Form available at www.dch.georgia.gov/shbp or you may call the SHBP Call Center at (800) 610-1863 or (404) 656-6322 to request the form. Plan options include the HRA, HDHP, OAP, and HMO. If you elect to enroll in one of these options, you will not receive the State contribution toward the cost of your healthcare premiums.

Note: Upon retirement, your coverage will be changed to single or family, based on your covered dependents. If you and your dependents enroll in one of the Medicare Advantage with Prescription Drugs (MAPD) Private Fee for Service (PFFS) options, any dependents not eligible for Medicare Advantage with Prescription Drugs (MAPD) Private Fee for Service (PFFS) option will be covered under the option they had at the time the member retired.

When Coverage Begins For You

If you are eligible for a monthly annuity at the time you retire, your coverage starts immediately at retirement, provided that you make proper premium payments or have them deducted from your retirement check. Coverage for your dependents (if you elect to continue dependent coverage) starts on the same day that your retiree coverage begins. A change from single to family coverage as a retiree is allowed only if you make the request within 31 days of a qualifying event.

Note: If you discontinue coverage at the time you retire, you will not be able to get this coverage back unless you return to work in a benefits eligible position.

When Coverage Ends For You

Coverage will end when you discontinue coverage or fail to pay premiums on time.

When Coverage Ends For Your Dependents

Coverage for your dependents will end:

- When they are no longer eligible.
- When you change from family to single coverage.
- When you do not pay premiums on time.
- When your coverage as a Member ends.
- If the Social Security Number is not provided.

Keep in mind that if dependents are dropped from your coverage, you will *not* be able to enroll them again – unless you have a qualifying event.

Continuing Dependent Coverage at Your Death

In the event of your death, your covered surviving spouse or eligible dependents should contact the applicable retirement system (ERS, TRS, PSERS, etc.) and the Plan as soon as possible. To continue coverage, surviving spouses or eligible children must complete a Retiree/Surviving Spouse Form and send it to the Plan within 31 days of your death.

Plan provisions vary for survivors:

Surviving spouse receives annuity

- Plan coverage may continue after your death.
- Premiums will be deducted from your retirement check.
- Spouse sends payments directly to Plan if retirement check is not large enough to cover premium.
- New dependents or spouses *cannot* be added to survivor's coverage.
- Surviving spouse who becomes eligible for SHBP coverage as an active employee, must discontinue the surviving spouse coverage and enroll as an active employee.
- When you return to a surviving spouse status, surviving spouse coverage may be reinstated after notifying the Plan within 31 days. You will be eligible for continuous coverage, based on the conditions that first made you eligible as a surviving spouse.

Surviving spouse does not receive annuity

- Plan coverage may continue after your death if spouse was married to you at least one year before death.
- Spouse sends payments directly to the Plan.
- Coverage ends if the surviving spouse remarries.
- New dependents or spouse cannot be added to survivor's coverage.

Surviving child does not receive annuity and there is no surviving spouse.

- Plan coverage may continue under COBRA provisions.

Making Changes to Your Retiree Coverage

You can make changes to your coverage tier only at these times:

- Within 31 days of a qualifying event.
- During the annual Retiree Option Change Period.
 - You may change your Plan option only.
 - Adding dependents is not permitted unless you have a qualifying event as described in the section below.

Note: Upon retirement, your coverage will be changed to single or family, based on your covered dependents.

If you and your dependents enroll in one of the Medicare Advantage with Prescription Drugs (MAPD) Private Fee for Service (PFFS) options, any dependents not eligible for the Medicare Advantage with Prescription Drugs (MAPD) Private Fee for Service (PFFS) option will be covered under the option they had at the time the member became covered by the Medicare Advantage with Prescription Drugs (MAPD) Private Fee for Service (PFFS) option. The Medicare Advantage with Prescription Drugs (MAPD) Private Fee for Service (PFFS) option is called the CIGNA Medicare Access Plus Rx Option.

Qualifying Events

You must request a coverage change within 31 days of the qualifying event by:

- Contacting the Plan directly.
- Returning the necessary form(s) with any requested documentation and the dependent's Social Security Number to the Plan by the deadline.* Fill out the form(s) completely. If adding a spouse due to marriage, the Centers for Medicare & Medicaid Services (CMS) regulations require SHB P capture the social security number for all covered dependents.

If you miss the deadline, you will not have another change to make the desired change. If the deadline is met, your change will take effect on the first day of the month following the receipt of your request, unless indicated in the chart below.

*Do not hold form requesting change even if you are waiting on documentation. Request must be made within 31 days of qualifying event.

NOTE: If you are retired and discontinue your SHBP coverage, you will not be able to enroll again for SHBP coverage unless you return to work in a State of Georgia position that offers SHBP coverage.

Changes Permitted Without A Qualifying Event

Retirees may change from family to single coverage, or discontinue coverage at any time by submitting the appropriate Plan form. However, if you change from family to single coverage, you cannot increase your coverage later without a qualifying event. If you discontinue coverage, you may not enroll later unless you return to work in a State of Georgia benefit eligible position.

Important Note on Coverage Changes: If your current Plan option is not offered in the upcoming Plan year and you do not elect a different option available to you during the Retiree Option Change Period, your coverage will be transferred automatically to an option selected by SHBP effective January 1 of the subsequent Plan year.

If You Discontinue Your Retiree Coverage

You can drop coverage at any time. However, you will not be able to get the coverage back unless you return to work in a benefits eligible position.

Retiree Option Change Period

During the Retiree Option Change Period – generally from mid-October to mid-November each Plan year – you can make the following changes to your coverage:

- Select a new coverage option;
- Change from family to single coverage; or
- Discontinue coverage (**Note:** re-enrollments are not allowed).

Changes will take effect the following January 1st.

Before the Retiree Option Change Period begins, the Plan will send you a retiree information packet. The packet will include:

- Information on the Plan options;
- Steps for notifying the Plan about coverage selections for the new Plan year;
- Forms you may need to complete; and
- Informational resources.

To ensure that you receive the information packet, make sure the Plan always has your most up-to-date mailing address. Mail letter notifying SHBP of new address to: SHBP, P.O. Box 1990, Atlanta, GA 30301. Be sure to include the retiree's Social Security Number.

If You Return to Active Service

If you choose to return to active service with an employing entity under the Plan, whether immediately after you retire or at a later date, your retirement annuity may be suspended or continued. Health Plan coverage, however, must be purchased as an active employee through payroll deductions by your employer. You will need to complete enrollment paperwork with your Employer and the appropriate form to have the deduction stopped with the retirement system.

When you return to retired status, retiree coverage may be reinstated after notifying the Plan within 31 days. You will be eligible for continuous coverage, based on the conditions that first made you eligible as a retiree.

If you retired before the initial legislative funding for a particular employee group, you will not be entitled to retiree Plan coverage – unless the final service period qualifies you for a retirement benefit from a state-supported retirement system.

Special Note: Re-enrollment into retiree coverage is not automatic. You must request coverage within 31 days of loss of active coverage or you will lose eligibility for retiree coverage.

Medicare Coordination of Benefits for Open Access Plan (OAP), Health Reimbursement Account (HRA), High Deductible Health Plan (HDHP) and the Health Maintenance Organization (HMO) called Open Access Plus

Coordination of Benefits With Medicare

Medicare is the country’s health insurance program for people age 65 or older who qualify based on Medicare eligibility rules. Medicare also covers certain people with disabilities who are under age 65 and people of any age who have permanent kidney failure.

To prevent duplicate benefit payment, the Plan coordinates benefits with Medicare and any other plan that may cover you and your dependents. The first step in coordination is the determination of which plan is primary – or which plan pays benefits first - and which plan is secondary. Under Georgia law, the SHBP is required to subordinate health benefits to Medicare benefits.

The SHBP is not a supplemental plan to Medicare. The Plan will pay secondary benefits/coordinate benefits if required and enrolled in Medicare. The Plan does not pay secondary benefits with the Medicare Advantage Options.

The chart below provides important details related to primary and secondary coverage based on your Medicare status **(for you and/or your dependents)**.

If you are retired and ...	The Plan will pay...
...age 65, Medicare-eligible and enrolled in Part A, Part B, and Part D; consider enrolling two months prior to the month in which you turn 65 to maximize coverage and pay the lowest SHBP premium	Secondary benefits starting on the first day of the month in which you turn 65.
...age 65, Medicare-eligible and do <i>not</i> enroll in Part A, Part B and Part D	Primary benefits; however, Plan premium will increase significantly.
...age 65 or older and not enrolled in Medicare (because have not lived in the U.S. for 5 years of longer)	Primary benefits; however, Plan premium will increase significantly.
... age 65 or older and not enrolled in Medicare Part A, but enrolled in Medicare Part B and/or D	Primary benefits for Part A and secondary benefits for Part B and D.
... age 65 and have dependents who are not eligible for Medicare	Primary benefits for dependents.

Are you not yet eligible for Medicare?

- You may elect to have coverage under any of the non-Medicare plan options offered by SHBP.
- Your health premiums will be very similar to those of active employees.

Are you eligible or about to be eligible for Medicare?

- Medicare is the country's health insurance program for people age 65 or older who qualify based on Medicare eligibility rules. Medicare also covers certain people with disabilities who are under age 65 and people of any age who have permanent kidney failure. Medicare becomes your primary insurance carrier once covered by Medicare. You are eligible for Medicare even if you never paid into Social Security. You and/or your spouse can purchase Medicare Part B if you are a U.S. Citizen, reside in the U.S., age 65 or older (or a legal non-citizen, age 65 or older, who resides and has lived in the U.S. for at least 5 years).
- You will need to send a copy of your Medicare coverage (A, B or D) to SHBP at P.O. Box 1990, Atlanta, GA 30301-1990 in order to receive the discount in premiums. Medicare information should be sent to SHBP the first of the month prior to the month in which the retiree turns 65 or becomes eligible for Medicare because of disability. Premiums cannot be reduced until copies of your Medicare cards are received and the change in premium is processed by the retirement system. Delay in submission of Medicare information does not qualify for a refund of the difference in premiums.

Due to age

- You should enroll for Medicare Parts A and B.
- SHBP will default your coverage to the Medicare Advantage Standard Option under the healthcare vendor you currently have unless you elect another SHBP option provided SHBP has received and processed your Medicare information. You may elect another SHBP option within 31 days.

Due to Disability

- If you are disabled under Social Security, you may qualify for Medicare after a waiting period.

What if I have End Stage Renal Disease?

- If you or your dependents are enrolled in Medicare due to End Stage Renal Disease (ESRD), you may not enroll in a Medicare Advantage option during your first 30 months of Medicare coverage because SHBP is your primary coverage. After 30 months, when Medicare becomes primary, you may enroll in one of the Medicare Advantage plans. You will need to send SHBP a copy of the letter advising of Medicare eligibility.

What if I Enroll in one of the Medicare Advantage Options?

- These plans include Medicare Parts A, B and D and do not coordinate with Medicare
- You must have a minimum of Medicare Part B coverage to enroll in one of these options.
- You will receive the state contribution toward the cost of your health insurance.
- You may lose your SHBP coverage if you enroll in a Medicare supplemental Plan or Part D plan once enrolled in one of the SHBP Medicare Advantage Option.
- See the Medicare Advantage Evidence of Coverage (EOC) for more information.
- Any covered individuals who are not eligible for one of the Medicare Advantage Options may elect to have coverage under the OAP, HMO, HRA or HDHP for the person without Medicare.

What if I Enroll in one of the non-Medicare Options offered by SHBP?

- You will not receive the state contribution toward the cost of the health insurance.
- SHBP will be primary if you do not have Medicare coverage.
- Premiums will be based on the Parts of Medicare (A, B and D) that you have. There will be no adjustments in premiums because you have other coverage such as TRICARE, VA or other group coverage since SHBP may have potential primary liability.
- SHBP will coordinate benefits with Medicare.

Legal Notices – Department of Community Health

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully. Questions? Call 404-656-6322 (Atlanta) or 800-610-1863 (outside of Atlanta).

The DCH and the State Health Benefit Plan Are Committed to Your Privacy. The Georgia Department of Community Health (DCH) sponsors and runs the State Health Benefit Plan (the Plan). We understand that your information is personal and private. Some DCH employees and companies hired by DCH collect your information to run the Plan. The information is called “Protected Health Information” or “PHI.” This notice tells how your PHI is used and shared. We follow the information privacy rules of the Health Insurance Portability and Accountability Act of 1996, (“HIPAA”).

Only Summary Information is Used When Developing and Changing the Plan. The Board of Community Health and the Commissioner of the DCH make decisions about the Plan. When making decisions, they review reports. These reports explain costs, problems, and needs of the Plan. These reports never include information that identifies any person. If your employer is allowed to leave the Plan, your employer may also get summary reports.

Plan Enrollment Information and Claims Information is Used in Order to Run the Plan. PHI includes two kinds of information. “Enrollment Information” includes: 1) your name, address, and social security number; 2) your enrollment choices; 3) how much you have paid in premiums; and 4) other insurance you have. This Enrollment Information is the only kind of PHI your employer is allowed to see. “Claims Information” includes information your health care providers send to the Plan. For example, it may include bills, diagnoses, statements, x-rays or lab test results. It also includes information you send to the Plan. For example, it may include your health questionnaires, enrollment forms, leave forms, letters and telephone calls. Lastly, it includes information about you that is created by the Plan. For example, it includes payment statements and checks to your health care providers.

Your PHI is Protected by Law. Employees of the DCH and employees of outside companies hired by DCH to run the Plan are “Plan Representatives.” They must protect your PHI. They may only use it as allowed by HIPAA.

The DCH Must Make Sure the Plan Complies with HIPAA. As Plan sponsor, the DCH must make sure the Plan complies with HIPAA. We must give you this notice. We must follow its terms. We must update it as needed. The DCH is the employer of some Plan Members. The DCH must name the DCH employees who are Plan Representatives. No DCH employee is ever allowed to use PHI for employment decisions.

Plan Representatives Regularly Use and Share your PHI in Order to Pay Claims and Run the Plan. Plan Representatives use and share your PHI for payment purposes and to run the Plan. For example, they make sure you are allowed to be in the Plan. They decide how much the Plan should pay your health care provider. They also use PHI to help set premiums for the Plan and manage costs but they are never use genetic information for these purposes. Some Plan Representatives work for outside companies. By law, these companies must protect your PHI. They also must sign “Business Associate” agreements with the Plan. Here are some examples what they do.

Claims Administrators: Process all medical and drug claims; communicate with Members and their health care providers; and give extra help to Members with some health conditions.

Data Analysis, Actuarial Companies: Keep health information in computer systems, study it, and create reports from it.

Attorney General’s Office, Auditing Companies, Outside Law Firms: Provide legal and auditing help to the Plan.

Information Technology Companies: Help improve and check on the DCH information systems used to run the Plan.

Some Plan Representatives work for the DCH. By law, all employees of the DCH must protect PHI. They also must get special privacy training. They only use the information they need to do their work. Plan Representatives in the SHBP Division work full-time running the Plan. They use and share PHI with each other and with Business Associates in order to help pay claims and run the Plan. In general, they can see your Enrollment Information and the information you give the Plan. A few can see Claims Information. DCH employees outside of the SHBP Division do not see Enrollment Information on a daily basis. They may use Claims Information for payment purposes and to run the Plan.

Plan Representatives May Make Special Uses or Disclosures Permitted by Law. HIPAA has a list of special times when the Plan may use or share your PHI without your authorization. At these times, the Plan must keep track of the use or disclosure.

To Comply with a Law, or to Prevent Serious Threats to Health or Safety: The Plan may use or share your PHI in order to comply with a law, or to prevent a serious threat.

For Public Health Activities: The Plan may give PHI to government agencies that perform public health activities. For example, the Plan may give PHI to DCH employees in the Public Health Division who need it to do their jobs.

For Research Purposes: Your PHI may be given to researchers for a research project approved by a review board. The review board must review the research project and its rules to ensure the privacy of your information.

Plan Representatives Share Some Payment Information with the Employee. Except as described in this notice, Plan Representatives are allowed to share your PHI only with you, and with your legal personal representative. However, the Plan may inform the employee family member about whether the Plan paid or denied a claim for another family member.

You May Authorize Other Uses of Your PHI. You may give a written authorization for the Plan to use or share your PHI for a reason not listed in this notice. If you do, you may take away the authorization later by writing to the contact below. The old authorization will not be valid after the date you take it away.

You Have Privacy Rights Related to Plan Enrollment Information and Claims Information that Identifies You.

Right to See and Get a Copy your Information, Right to Ask for a Correction: Except for some reasons listed in HIPAA, you have the right to see and get a copy of information used to make decisions about you. If you think it is incorrect or incomplete, you may ask the Plan to correct it.

Right to Ask for a List of Special Uses and Disclosures: You have the right to ask for a list of special uses and disclosures that were made after April, 2003.

Right to Ask for a Restriction of Uses and Disclosures, or for Special Communications: You have the right to ask for added restrictions on uses and disclosures. You also may ask the Plan to communicate with you in a special way.

Right to a Paper Copy of this Notice, Right to File a Complaint Without Getting in Trouble: You have the right to a paper copy of this notice. Please contact the SHBP HIPAA Privacy Unit or print it from www.dch.georgia.gov/shbp. If you think your privacy rights have been violated, you may file a complaint. You may file the complaint with the Plan and/or the Department of Health and Human Services. You will not get in trouble with the Plan or your employer for filing a complaint.

In the event of a question or dispute regarding your right to benefits, we may require that a Network Physician of our choice examine you at our expense.

Your Rights for Continuing Group Health Plan Coverage

You have the right to continue group health plan coverage if you lose Plan coverage due to a qualifying event. In this case, you may continue health care coverage for yourself, spouse or dependents; however, you or your dependents may have to pay for such coverage. Review this Summary Plan Description (SPD) and other Plan documents governing your COBRA continuation coverage rights.

Employee Rights and Responsibilities

Your Responsibilities as an Employee Enrolled in Plan Coverage

Your Rights as an Employee Enrolled in Plan Coverage

As an employee enrolled in Plan coverage, you have the right to:

- Have your eligible claims paid and notifications provided in a timely manner.
- Receive information about the Plan and the options available to you.
- Be informed of the process for filing appeals of denied claims.
- Have access to Provider information.
- Review your appeal file.
- Examine, without charge, all documents governing the Plan at the Plan Administrator's office.
- Request copies of the above documents, in writing, from the Plan Administrator (a reasonable copy fee may apply).
- Be informed by the Plan of how to continue your coverage if it would otherwise end in certain situations.

As an employee enrolled in Plan coverage, you can receive the most value from your coverage if you fulfill the following responsibilities:

- **Make proper and timely premium payments.** Premium payments usually are made through convenient payroll deduction. It's your responsibility to make sure that your employer (the State, school district, agency, etc.) is deducting the right amount from your paycheck for your option and coverage tier. When you are first hired, and later during each Open Enrollment (or Retiree Option Change Period), you will receive premium information.
- **Make accurate choices when you make your enrollment selection.** After the Open Enrollment period ends, the Plan will make changes only when there is a documented administrative error. Any premium refund will be limited to 12 months of premiums and is payable only after the Plan receives documented evidence from the Member that the Plan had no liability for additional Covered Persons.
- **Take the time to understand how the Plan option works.** You are the manager of your health care needs and, therefore, you must take the time to understand your Plan option. You also are responsible for understanding the consequences of your decisions. Carefully review this booklet and the *Health Plan Decision Guide*. Having read the documents, you can take steps to maximize your coverage.
- **Know when and how your participation can end.** Generally, coverage ends when you no longer meet job classification or working-hours requirements for eligibility are no longer met or when you fail to make the proper premium payments. For eligibility requirements and other circumstances that may result in loss of coverage, see the sections titled **Eligibility-Effective Date**.
- Notify, in writing, SHBP Eligibility Unit, P. O. Box 1990, Atlanta, GA 30301-1990 of any address change. You should also notify your payroll office.

- **Notify the Plan if you have a qualifying event that can affect coverage or eligibility for coverage for you or a Covered Dependent.** If you get married, divorced or have a baby, you may want to add or delete a dependent. You must notify your payroll location within 31 days of the qualifying event – or you won't be able to make the change until the next Open Enrollment period. Retirees do not have an Open Enrollment period; failure to notify the Plan within 31 days of a qualified change in status could permanently prohibit a retiree from making the desired change.
- **Furnish the Plan with information required to implement Plan provisions.** You are required to provide any information and documentation that the Plan needs to carry out its provisions. If you do not make the request within 31 days, your request for benefits or Plan Membership will be denied.
 - SHBP will allow members to submit verification of their dependent's eligibility any time during the Plan Year. However, no claims will be paid until the documentation is received and approved by SHBP. Coverage will be effective the date of the qualifying event or the first day of the Plan Year, whichever is later.
 - If the Plan pays benefits for a dependent who is subsequently found ineligible for coverage, or you are not able to document dependent eligibility when requested by the Plan, the Plan has the right to:
 - Recover any and all payments made by the Plan on behalf of the ineligible dependent; and
 - Terminate the dependent's coverage retroactively to his or her coverage effective date without prejudicing any other rights or remedies available to the Plan under law.
- **Update the Plan on the status of eligible dependents.** If your dependent child is nearing age 19, you are responsible for informing the Plan of his or her status within 31 days. Coverage won't continue automatically after an eligible dependent turns 19 – you must request it. You also must notify the Plan when a dependent gets married, enters the military or, when the dependent is 19 or older, graduates or stops attending school full-time.
- **Notify the Plan of any other group coverage you have,** including Medicare coverage. You may be required to provide notification in advance or on request.

Your Employer's Responsibilities

Your employer – your department, agency or other entity – has specific responsibilities under the Plan, which includes the following:

- Submit any necessary documentation in a timely and efficient manner.
- Withhold proper monthly premiums and submit them, along with the bill, to the Plan when due. If your employer does not send in premiums and documentation in a proper and timely manner, the Plan may suspend coverage benefit payments for the Employee.
- Assist in enrolling all eligible full-time employees in the Plan within 31 days of hire.
- Provide enrollment information to the Plan Administrator.
- Distribute Plan materials.
- Administer the Family and Medical Leave Act (FMLA) in compliance with federal law.
- Administer Leave without Pay for employees.
- Provide you with information on how you can continue coverage under the FMLA and under state leave-without-pay provisions.
- Provide necessary termination of coverage information to the Plan Administrator within 30 days after your employment ends or your eligibility for Plan Membership ends.
- Notify enrolled employees of Plan amendments or termination.

Assistance With Your Questions

If you have any questions about your rights and responsibilities under this Plan, you should contact the Plan's Eligibility Unit at 404-656-6322 in Atlanta, or at 800-610-1863 outside of Atlanta.

Retiree Rights and Responsibilities

Your Rights as a Retiree Enrolled in Plan Coverage

As a retiree enrolled in Plan coverage, you have the right to:

- Have your eligible claims paid and notifications provided in a timely manner.
- Receive information about the Plan and the options available to you.
- Be informed of the process for filing appeals of denied claims.
- Have access to Provider information.
- Review your appeal file.
- Examine, without charge, all documents governing the Plan at the Plan Administrator's office.
- Request copies of the above documents, in writing, from the Plan Administrator (a reasonable copy fee may apply).
- Be informed by the Plan of how to continue your coverage if it would otherwise end in certain situations.

Your Rights for Continuing Group Health Plan Coverage

You have the right to continue group health plan coverage if you lose Plan coverage due to a qualifying event. In this case, you may continue health care coverage for yourself, spouse or dependents; however, you or your dependents may have to pay for such coverage. Review this Summary Plan Description (SPD) and other Plan documents governing your COBRA continuation coverage rights.

Your Responsibilities as a Retiree Enrolled in Plan Coverage

As a retiree enrolled in Plan coverage, you can receive the most value from your coverage if you fulfill the following responsibilities:

- **Make proper and timely premium payments.** Premium payments usually are made through: 1) the state retirement system for retirees who are receiving an annuity or 2) or by paying directly to SHBP.
- **Take the time to understand how the Plan option works.** You are the manager of your health care needs and, therefore, you must take the time to understand your Plan option. You also are responsible for understanding the consequences of your decisions. Carefully review this booklet and the *Retiree Health Plan Decision Guide*. Having read the documents, you can take steps to maximize your coverage.
- Notify SHBP of any address change.
- Notify the Plan if you have a qualifying event that can affect coverage or eligibility for coverage for you or a Covered Dependent. If you get married, divorced or have a baby, you may want to add or delete a dependent. Retirees do not have an Open Enrollment period; failure to notify the Plan within 31 days of a qualified change in status could permanently prohibit a retiree from making the desired change.
- **Furnish the Plan with information required to implement Plan provisions.** You are required to provide any information and documentation that the Plan needs to carry out its provisions. If you do not provide the information within 31 days, your request for benefits or Plan membership will be denied. If the Plan pays benefits for a dependent who is subsequently found ineligible for coverage, or you are not able to document dependent eligibility when requested by the Plan, the Plan has the right to:
 - Recover any and all payments made by the Plan on behalf of the ineligible dependent, and
 - Terminate the dependent's coverage retroactively to his or her coverage effective date without prejudicing any other rights or remedies available to the Plan under law.

- **Update the Plan on the status of eligible dependents.** If your dependent child is nearing age 19, you are responsible for informing the Plan of his or her status within 31 days. Coverage won't continue automatically after an eligible dependent turns 19 – you must request it. You also must notify the Plan when a dependent gets married, enters the military or, when the dependent is 19 or older, graduates or stops attending school full time.
- **Notify the Plan of any other group coverage you have,** including Medicare coverage. You may be required to provide notification in advance or on request.

Qualified Medical Child Support Order (QMCSO)

Eligibility for Coverage Under a QMCSO

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child and yourself, if you are not already enrolled, within 31 days of the QMCSO being issued.

Qualified Medical Child Support Order Defined

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

1. the order recognizes or creates a child's right to receive group health benefits for which a participant or beneficiary is eligible;
2. the order specifies your name and last known address, and the child's name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child's mailing address;
3. the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
4. the order states the period to which it applies; and
5. if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

Payment of Benefits

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child's custodial parent or legal guardian, shall be made to the child, the child's custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)

If you or your eligible Dependent(s) experience a special enrollment qualifying event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment qualifying events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option. The special enrollment qualifying events include:

- **Acquiring a new Dependent.** If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, you may request special enrollment to enroll and/or change your coverage tier to add eligible dependents.
- **Loss of eligibility for other coverage (excluding continuation coverage).** If eligibility under another group plan was lost, you and all of your eligible Dependent(s) may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:
 - divorce or legal separation;
 - cessation of Dependent status (such as reaching the limiting age);
 - death of the Employee;
 - termination of employment;
 - reduction in work hours to below the minimum required for eligibility;
 - you or your Dependent(s) no longer reside, live or work in the other plan's network service area and no other coverage is available under the other plan;
 - you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or
 - the other plan no longer offers any benefits to a class of similarly situated individuals.
- **Termination of employer contributions (excluding continuation coverage).** If a current or former employer ceases all contributions toward the Employee's or Dependent's other coverage, special enrollment may be requested in this Plan for you and all of your eligible Dependent(s).
- **Exhaustion of COBRA or other continuation coverage.** Special enrollment may be requested in this Plan for you and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA or other continuation coverage must be exhausted before any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other continuation coverage only if such coverage ceases: (a) due to failure of the employer or other responsible entity to remit premiums on a timely basis; (b) when the person no longer resides or works in the other plan's service area and there is no other COBRA or continuation coverage available under the plan; or (c) when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage available to the individual. This does not include termination of an employer's limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.

FDRL3

V3

Special enrollment must be requested within 30 days after the occurrence of the special enrollment qualifying event. If the special enrollment qualifying event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment qualifying event will be effective on the first day of the calendar month following receipt of the request for special enrollment.

Individuals who enroll in the Plan due to a special enrollment qualifying event will not be considered Late Entrants.

Domestic Partners and their children (if not legal children of the Employee) are not eligible for special enrollment.

Effect of Section 125 Regulations on This Plan

Your Employer has chosen to administer this Plan in accordance with Section 125 Regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise you will receive your taxable earnings as cash (salary).

Provisions in this certificate which allow for enrollment or coverage changes not consistent with Section 125 Regulations are superseded by this section.

Coverage Elections

Per Section 125 Regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed if you enroll for or change coverage within 30 days of the following:

- the date you meet Special Enrollment criteria per federal requirements as described in the Section entitled “Eligibility – Effective Date/Exception to Late Entrant Definition”; or
- the date you meet criteria shown in the section entitled “Change of Status.”

Eligibility for Coverage for Adopted Children

Any child under the age of 18 who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child's adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the "Exception for Newborns" section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

FDRL6

Federal Tax Implications for Dependent Coverage

Premium payments for Dependent health insurance are usually exempt from federal income tax. Generally, if you can claim an individual as a Dependent for purposes of federal income tax, then the premium for that Dependent's health insurance coverage will not be taxable to you as income. However, in the rare instance that you cover an individual under your health insurance who does not meet the federal definition of a Dependent, the premium may be taxable to you as income. If you have questions concerning your specific situation, you should consult your own tax consultant or attorney.

FDRL7

Coverage for Maternity Hospital Stay

Group health plans and health insurance issuers offering group health insurance coverage generally may not, under a federal law known as the "Newborns' and Mothers' Health Protection Act": restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section; or require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of the above periods. The law generally does not prohibit an attending provider of the mother or newborn, in consultation with the mother, from discharging the mother or newborn earlier than 48 or 96 hours, as applicable.

Please review this Plan for further details on the specific coverage available to you and your Dependents.

Creditable Coverage

Creditable Coverage will include coverage under any of the following: A self-insured employer group health plan; Individual or group health insurance indemnity or HMO plans; Part A or Part B of Medicare; Medicaid, except coverage solely for pediatric vaccines; A health plan for certain Members of the uniformed armed services and their dependents, including the Commissioned Corps of the National Oceanic and Atmospheric Administration and of the Public Health Service; A medical care program of the Indian Health Service or of a tribal organization; A state health benefits risk pool; The Federal Employees Health Benefits Program; A public health plan established by a State, the U.S. government, or a foreign country; the Peace Corps Act; Or a State Children's Health Insurance Program.

Obtaining a Certificate of Creditable Coverage Under This Plan

Upon loss of coverage under this Plan, a Certificate of Creditable Coverage will be mailed to each terminating individual at the last address on file. You or your dependent may also request a Certificate of Creditable Coverage, without charge, at any time while enrolled in the Plan and for 24 months following termination of coverage. You may need this document as evidence of your prior coverage to reduce any pre-existing condition limitation period under another plan, to help you get special enrollment in another plan, or to obtain certain types of individual health coverage even if you have health problems. To obtain a Certificate of Creditable Coverage, contact the SHBP Eligibility Unit.

Requirements of Family and Medical Leave Act of 1993

Any provisions of the policy that provide for: (a) continuation of insurance during a leave of absence; and (b) reinstatement of insurance following a return to Active Service; are modified by the following provisions of the federal Family and Medical Leave Act of 1993, where applicable:

A. Continuation of Health Insurance During Leave

Your health insurance will be continued during a leave of absence if:

- that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993; and
- you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

B. Reinstatement of Canceled Insurance Following Leave

Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.

You will not be required to satisfy any eligibility or benefit waiting period to the extent that it has been satisfied prior to the start of such leave of absence.

Your Employer will give you detailed information about the Family and Medical Leave Act of 1993.

GM6000 TRM191V1

Continuing Coverage Under Family and Medical leave Act (FMLA)

You may continue medical coverage for yourself and your dependents for up to 12 weeks for specific medical and/or family medical reasons. Forms for continuing your coverage are available from your personnel/payroll office.

During FMLA leave without pay, premium payment is made directly to your employer. How FMLA affects your coverage depends on the circumstances involving your leave.

If you have this situation...	The impact is this...
<ul style="list-style-type: none"> Choose not to continue coverage while on leave 	<ul style="list-style-type: none"> Claims will not be paid by SHBP for the period after coverage terminates and while you remain on leave. You are responsible for paying Providers. You must resume coverage when you return to work.
<ul style="list-style-type: none"> Open Enrollment period occurs while on leave 	<ul style="list-style-type: none"> If you continue coverage while on leave, you may change coverage as permitted during Open Enrollment. If you do not continue coverage while on leave, contact your employer for Open Enrollment information.
<ul style="list-style-type: none"> Do not return to work after your leave ends and you have paid your premiums directly to your employer during your leave 	<ul style="list-style-type: none"> You may be eligible to continue your medical coverage through COBRA.

Continuing Coverage During Military Leave

You and your dependents have the right to continue your coverage for up to 18 months with premium payments sent directly to your employer.

- If you are an activated military reservist called on an emergency basis, you will pay your employee share of the premium.
- For other military leaves, you will be required to pay the full premium. Also, you will be charged a monthly processing fee.

You may elect to discontinue coverage while on leave. The SHBP will reinstate your coverage when you return from military service. However, for the time period allowed by the Veteran’s Administration, the Plan does not cover care for a Participant’s illness or injury that the Secretary of Veterans’ Affairs determines was acquired or aggravated during the military leave.

Uniformed Services Employment and Re-Employment Rights Act of 1994 (USERRA)

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee’s military leave of absence. These requirements apply to medical and dental coverage for you and your Dependents. They do not apply to any Life, Short-term or Long-term Disability or Accidental Death & Dismemberment coverage you may have.

Continuation of Coverage

For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to SHBP, until the earliest of the following:

- 24 months from the last day of employment with the Employer;
- the day after you fail to return to work; and
- the date the policy cancels.

SHBP may charge you and your Dependents up to 102% of the total premium.

Reinstatement of Benefits (applicable to all coverages)

If your coverage ends during the leave of absence because you do not elect USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if (a) you gave your Employer advance written or verbal notice of your military service leave, and (b) the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

Any 63-day break in coverage rule regarding credit for time accrued toward a PCL waiting period will be waived.

If your coverage under this plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

If you are a disabled retired Member, see Provisions for the Eligible Retirees for more information on how your coverage may be affected.

Notification Requirements and Election Period for Continuation Coverage under Federal Law (COBRA)

The Member or other Qualified Beneficiary must notify SHBP within 60 days of the Member's divorce, legal separation or an Enrolled Dependent's loss of eligibility as an Enrolled Dependent. If the Member or other Qualified Beneficiary fails to notify SHBP of these events within the 60 day period, SHBP is not obligated to provide continued coverage to the affected Qualified Beneficiary. If a Member is continuing coverage under Federal Law, the Member must notify SHBP within 60 days of the birth or adoption of a child.

Continuation must be elected by the later of 60 days after the qualifying event occurs; or 60 days after the Qualified Beneficiary receives notice of the continuation right from SHBP.

If the Qualified Beneficiary's coverage was terminated due to a qualifying event, then the initial premium due to SHBP must be paid on or before the 45th day after electing continuation.

Notification Requirements for Disability Determination or Change in Disability Status

The Member or other Qualified Beneficiary must notify SHBP as described under "Terminating Events for Continuation Coverage under federal law (COBRA)", subsection A. below.

The notice requirements will be satisfied by providing written notice to SHBP at the address stated in Attachment II to this Summary Plan Description. The contents of the notice must be such that SHBP is able to determine the covered employee and Qualified Beneficiary or Qualified Beneficiaries, the qualifying event or disability, and the date on which the qualifying event occurred.

None of the above notice requirements will be enforced if the Member or other Qualified Beneficiary is not informed of his or her obligations to provide such notice.

After providing notice to SHBP, the Qualified Beneficiary shall receive the continuation coverage and election notice. Continuation coverage must be elected by the later of 60 days after the qualifying event occurs; or 60 days after the Qualified Beneficiary receives notice of the continuation right from SHBP.

The Qualified Beneficiary's initial premium due to SHBP must be paid on or before the 45th day after electing continuation.

The Trade Act of 2002 amended COBRA to provide for a special second 60-day COBRA election period for certain Members who have experienced a termination or reduction of hours and who lose group health plan coverage as a result. The special second COBRA election period is available only to a very limited group of individuals: generally, those who are receiving trade adjustment assistance (TAA) or 'alternative trade adjustment assistance' under a federal law called the Trade Act of 1974. These Members are entitled to a second opportunity to elect COBRA coverage for themselves and certain family members (if they did not already elect COBRA coverage), but only within a limited period of 60 days from the first day of the month when an individual begins receiving TAA (or would be eligible to receive TAA but for the requirement that unemployment benefits be exhausted) and only during the six months immediately after their group health plan coverage ended.

If a Member qualifies or may qualify for assistance under the Trade Act of 1974, he or she should contact SHBP for additional information. The Member must contact SHBP promptly after qualifying for assistance under the Trade Act of 1974 or the Member will lose his or her special COBRA rights. COBRA coverage elected during the special second election period is not retroactive to the date that Plan coverage was lost, but begins on the first day of the special second election period.

Continuation of Coverage

If your coverage ends under the Plan, you may be entitled to elect continuation coverage (coverage that continues on in some form) in accordance with federal law.

Continuation coverage under COBRA (the federal Consolidated Omnibus Budget Reconciliation Act) is available only to Plans that are subject to the terms of COBRA. You can contact your Plan Administrator to determine if we are subject to the provisions of COBRA.

If you selected continuation coverage under a prior plan which was then replaced by coverage under this Plan, continuation coverage will end as scheduled under the prior plan or in accordance with the terminating events listed below, whichever is earlier.

Continuation Coverage under Federal Law (COBRA)

Much of the language in this section comes from the federal law that governs continuation coverage.

In order to be eligible for continuation coverage under federal law, you must meet the definition of a "Qualified Beneficiary". A Qualified Beneficiary is any of the following persons who was covered under the Plan on the day before a qualifying event:

- A Member.
- A Member's Enrolled Dependent, including with respect to the Member's children, a child born to or placed for adoption with the Member during a period of continuation coverage under federal law.
- A Member's former spouse.

Qualifying Events for Continuation Coverage under Federal Law (COBRA)

If the coverage of a Qualified Beneficiary would ordinarily terminate due to one of the following qualifying events, then the Qualified Beneficiary is entitled to continue coverage. The Qualified Beneficiary is entitled to elect the same coverage that she or he had on the day before the qualifying event.

The qualifying events with respect to an employee who is a Qualified Beneficiary are:

- A. Termination of the Member from employment with us, for any reason other than gross misconduct, or reduction of hours; or
- B. Death of the Member; or
- C. Divorce or legal separation of the Member; or
- D. Loss of eligibility by an Enrolled Dependent who is a child; or
- E. Entitlement of the Member to Medicare benefits; or
- F. The Plan Sponsor filing for bankruptcy, under Title XI, United States Code, on or after July 1, 1986, but only for a retired Member and his or her Enrolled Dependents. This is also a qualifying event for any retired Member and his or her Enrolled Dependents if there is a substantial elimination of coverage within one year before or after the date the bankruptcy was filed.

Interaction With Other Continuation Benefits

You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.

Start With Member Services

We are here to listen and help. If you have a concern regarding a person, a service, the quality of care, or contractual benefits, you may call the toll-free number on your benefit Identification card, explanation of benefits, or claim form and explain your concern to one of our Member Services representatives. You may also express that concern in writing.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days. If you are not satisfied with the results of a coverage decision, you may start the appeals procedure.

Appeal Process – How to Appeal an Eligibility Decision

SHBP will handle all eligibility appeals. Please forward all requests for eligibility appeals along with a completed appeal form and supporting documentation to: State Health Benefit Plan, Membership Correspondence Unit, P. O. Box 1990, Atlanta, GA 30301-1990. The appeal forms are available through your Personnel/ Payroll office, website address www.dch.georgia.gov/shbp, or directly from the SHBP. All Member correspondence sent to the Plan should include the enrolled member's Social Security Number (SSN) to prevent a delay in processing your request.

Appeals Procedure

CG has a two-step appeals procedure for coverage decisions. To initiate an appeal, you must submit a request for an appeal in writing to CG within 365 days of receipt of a denial notice. You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask CG to register your appeal by telephone. Call or write us at the toll-free number on your benefit Identification card, explanation of benefits, or claim form.

Level-One Appeal

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

For level-one appeals, we will respond in writing with a decision within 15 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination, and within 30 calendar days after we received an appeal for a postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum functionality or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay. CG's Physician reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. When an appeal is expedited, CG will respond orally with a decision within 72 hours, followed up in writing.

FDRL37

Level-Two Appeal

If you are dissatisfied with our level-one appeal decision, you may request a second review. To initiate a level-two appeal, follow the same process required for a level-one appeal.

Most requests for a second review will be conducted by the Committee, which consists of a minimum of three people. Anyone involved in the prior decision may not vote on the Committee. For appeals involving Medical Necessity or clinical appropriateness the Committee will consult with at least one Physician in the same or similar specialty as the care under consideration, as determined by CG's Physician reviewer. You may present your situation to the Committee in person or by conference call.

For level-two appeals we will acknowledge in writing that we have received your request and schedule a Committee review. For required preservice and concurrent care coverage determinations the Committee review will be completed within 15 calendar days and for post service claims, the Committee review will be completed within 30 calendar days. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed by the Committee to complete the review. You will be notified in writing of the Committee's decision within 5 business days after the Committee meeting, and within the Committee review time frames above if the Committee does not approve the requested coverage.

You may request that the appeal process be expedited if, (a) the time frames under this process would seriously jeopardize your life, health or ability to regain maximum functionality or in the opinion of your Physician, would cause you severe pain which cannot be managed without the requested services; or (b) your appeal involves nonauthorization of an admission or continuing inpatient Hospital stay. CG's Physician reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. When an appeal is expedited, CG will respond orally with a decision within 72 hours, followed up in writing.

Voluntary External Review Program

If a final determination to deny benefits is made, you may choose to participate in our voluntary external review program, at your cost. The cost can range from \$500-\$4,000. This program only applies if the decision is based on either of the following:

- Clinical reasons.
- The exclusion for Experimental, Investigational or Unproven Services.

NOTE: The external review program is not available if the coverage determinations are based on explicit benefit exclusions or defined benefit limits. Therefore, the second level appeal decision is final. Contact CIGNA at the telephone number shown on your ID card for more information on the voluntary external review program.

Notice of Benefit Determination on Appeal

Every notice of a determination on appeal will be provided in writing or electronically and, if an adverse determination, will include: (1) the specific reason or reasons for the adverse determination; (2) reference to the specific plan provisions on which the determination is based; (3) a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other Relevant Information as defined; (4) a statement describing any voluntary appeal procedures offered by the plan and the claimant's right to bring an action under ERISA section 502(a); (5) upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your appeal, and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit.

You also have the right to bring a civil action under Section 502(a) of ERISA if you are not satisfied with the decision on review. You or your plan may have other voluntary alternative dispute resolution options such as Mediation. One way to find out what may be available is to contact your local U.S. Department of Labor office and your State insurance regulatory agency. You may also contact the Plan Administrator.

Relevant Information

Relevant information is any document, record or other information which: (a) was relied upon in making the benefit determination; (b) was submitted, considered or generated in the course of making the benefit determination, without regard to whether such document, record, or other information was relied upon in making the benefit determination; (c) demonstrates compliance with the administrative processes and safeguards required by federal law in making the benefit determination; or (d) constitutes a statement of policy or guidance with respect to the plan concerning the denied treatment option or benefit for the claimant's diagnosis, without regard to whether such advice or statement was relied upon in making the benefit determination.

Legal Action

If your plan is governed by ERISA, you have the right to bring a civil action under section 502(a) of ERISA if you are not satisfied with the outcome of the Appeals Procedure. In most instances, you may not initiate a legal action against CG until you have completed the Level-One and Level-Two appeal processes. If your appeal is expedited, there is no need to complete the Level-Two process prior to bringing legal action.
